## Sexually Harassed Man Pretty Okay with Situation

**Rico Bastian**  
Editor-in-chief

Over the weekend, while attending a house party, MTU student Wendan Brayward found himself at the center of unwelcomed sexual contact from members of the opposite sex, all of which he later looked back on with feelings of complacency.

"Almost as soon as I got to the party, someone copped a feel of my butt," Brayward said. "I thought it was a friend playing a prank or something, but when I turned around, it was some girl I never met before. She flashed me a smile, and I just kinda took it all in. While my personal space was violated, I don't think there's any need to bring the authorities into this. I mean, the girl was stacked."

Throughout the night, Brayward was the victim of countless acts of sexual

harassment from strangers, but what surprised him even more were the uninitiated interactions of a sexual nature from close friends whom he trusts.

"At one point my friend Vanna [Dese-daes] came up to me and started just complimenting me out of nowhere,"

## Dinosaur Erotica: It's Out There

**Anna Hohnstadt**  
Staff Writer

Have you been struggling and failing to find erotic literature to suit your fancy? Do you sometimes fantasize about human beings having hot sex with large reptiles (or bird-ish creatures, depending on which scientists you believe)? Are you finding yourself replacing "Netflix and chill" with "Jurassic Park and chill"? If you answered no to all of the preceding questions, then you and I are in the same boat. If you answered yes to any of those questions, however, here are some reviews written by real Amazon customers of real books you just might want to check out.

Average Rating: 1.8/5 stars

"I saw this on @midnight and exchanged "how is this a thing" looks with my husband. I downloaded the preview. Soon after my kindle packed itself up in [its] box and sent [itself] back to Amazon. Also, I could be wrong, but I am pretty sure I am on a watch list of some sort."

"It has to be seen to be believed. I read it for a laugh, and I got that... and horror. The least sexy erotica ever, my vagina might have shriveled up, but I laughed

*Psychic Raptors in Lust*

by Eden Redd

Average Rating: 4.0/5 stars

“Quick fun read with all the usual characters from the sexually repressed main female to that co-worker that probably wanted to bang her. Add in some sciency stuff to introduce some lusty raptors and the rest is fodder found from the murky depths of dinosaur fanfiction. Decent read considering the situations presented and the fact that this is smut.”

-Raivyn

*Taken by the T-Rex*

by Christie Sims

Average Rating: 3.6/5 stars

“It is very uncommon to find accurate depictions of dinosaur on woman sex. If, like me, you have found it increasingly difficult to satisfy your need to recount old times, then this literary masterpiece is for you. No other author has truly been able to both arouse and entice my intense desire to mate with a T-Rex as accurately and successfully as Christie Sims. I would not be surprised if this book outsells the Bible and brings about a new age of literary enlightenment.”

*Taken by the Pterodactyl*

by Christie Sims

Average Rating: 4.3/5 stars

“I suppose I should be happy about any increased acceptance for those of us who dream of being part of the wild sex-scapes of prehistory, but I won't be truly satisfied until someone sates my desire for prokaryotic erotica. Nevertheless, kudos. We're getting there.”

### From Man Butt on front

Brayward said. “I thought it was all very sweet of her, and suddenly she starts making out with me. I've always known our relationship to be strictly platonic, and I felt really uncomfortable with her forcing this change in our relationship. She's a real good kisser though, so I'd say her and I are still cool.”

Wendan didn't attend the party alone, but even with the protection and support of his friends, they could only look on as their friend was harassed by other party goers.

“At the end of the night, Wendan was pretty drunk, but this one girl assured us she would take care of him,” Brayward's roommate Cori Anistab said. “He was in no position to make any sort

of decision himself, so we entrusted him to her. About twenty minutes later, we were leaving, and we heard him yelling ‘WHOOOOOO!’ from a rocking car in the parking lot. I don't want to talk about this anymore.”

Though Brayward has been very lenient with the crimes committed against him, he recalls one act which he found more disturbing than the rest.

“There was this one girl giving me this really sexual look, and she was licking her finger in what I can only assume was supposed to be a sexy-ish way,” Brayward said. “She was kinda ugly though, and it made me feel violated. I'll let that one go just this once, but if it happens again, I'm filing a formal complaint.”
